INTERNATIONAL

LET'S GET MOVING

12-line PST transporting
965,000 lbs TBM onto barge

Axles articulated to 90° on double-wide 12-line PST-E turbine transport

MODULAR TRAILERS

FLEET: Over 200 axle lines of Goldhofer Modular Trailers

CAPACITY: 34-metric ton to 42-metric ton per axle in single-wide configurations depending on the model and 70-ton per axle in double-wide configurations.

- FEATURES:**
- Self-propelled
 - Configurable with modular design
 - Normal and diagonal drive modes
 - Transverse drive mode 90°
 - 360° carrousel steering
 - Remote control operation
 - Self-loading capabilities

- ADVANTAGES:**
- Highly flexible method of safely transporting extreme loads
 - Tight turning radius; great for in-plant moves
 - Multi-axle, high torque drive units with maximum tractive effort

450,000 lb HRSG on 14-lines of PST

750,000 lb heat exchanger on 16-lines of THP
